Report of Swachhata Campaign on 19 December, 2022

As part of the 'Swachhata Pakhwada' campaign being observed during 16-31 December 2022, cleanliness and sanitation drive was carried out within the campus. Stock taking of biodegradable and non-biodegradable disposed waste was undertaken. The lawn, orchard, experimental and demonstration plots, technology block and women farmer's hostel have been cleaned and provided the solutions to the field workers for maintaining a neat and clean surroundings. Biodegradable agro-waste of about 200 kg including leaves, cuttings, grasses, weeds, crop residues and animal waste was segregated and used for composting (vermi composting and NADEP pit composting) and mulching. Non-biodegradable waste such as polythene, disposable cups and bottles, packaging materials of fertilizers, pesticides, and seed have been disposed properly taking safety measures.
