Report on the Campaign on *Swachhta Pakhwada* on 21 December, 2021

As part of the '*Swachhta Pakhwada*' on 21-12-2021 a campaign on cleaning of sewerage and water lines, awareness on recycling of waste water was done in office and residential complexes. A provision was made for waste water harvesting and its application in horticulture crops and kitchen gardens of ICAR-CIWA, residential colony. The office staff as well as the residents of campus were sensitised about importance of cleanliness and recycling of waste water. Those who have kitchen garden were encouraged for recycling of waste water as far as possible. All the residents as well as farm workers participated in the cleaning of sewerage and water lines of the research farm. This ensured smooth flow of the sewage water. During today's programme many suggestions have been given for improving cleanliness of the office and residential colony. Today's *Swachhta* event was organized by Dr. Praveen Jakhar and Sh. Manoranjan Prusty. About 30 participants were involved in the programme.
